Trees to Save

"Infrastructure is the backbone of development. Green mobility is the future." — PM Narendra Modi

THE PROBLEM

India's Commute Crisis

Skyrocketing Costs

Fuel prices up 40% in 5 years. Daily commuters spend ₹3,000–₹6,000/month on travel.

Choking Pollution

Indian cities occupy 14 of top 20 most polluted spots globally. 70% from vehicular emissions.

Overcrowded Transit

Chennai MTC buses run at 180% capacity. Last-mile connectivity nearly nonexistent.

Safety for Women

63% of women avoid late commutes due to safety fears. Safe ride options remain scarce.

"Our cities are suffocating. We need citizen-led green solutions now." — former Chief Minister M.K. Stalin, Tamil Nadu

What is Zhoop?

A peer-to-peer ride cost-sharing app that lets vehicle owners share their daily commute with co-travelers — splitting fuel costs, cutting emissions, and earning rewards.

*Legal under Motor Vehicles Act, 1988
Bill-splitting only · No commercial fares*

Peer-to-Peer

Real people sharing real commutes. Not a taxi service — a community of riders.

Travel Green

Every shared ride removes one car from the road, saving fuel and cutting CO₂.

Earn Green

Ride-sharers earn Green Points redeemable for cash, fuel vouchers, and more.

"Sharing economy models can transform urban mobility sustainably." — NITI Aayog, 2023

FEATURES

Everything Zhoop Offers

Find Rides

Search shared rides by route, time & vehicle type

Offer a Ride

Post your commute — bike, EV bike, car or EV car

Transit Info

Live MTC, Metro & train status in one screen

Pink Corridor

Women-only verified rides with SOS & safe stops

Campus Commute

College pickup/drop with female-only mode toggle

Virtual Bus Stops

Smart clustering — walk $\leq 200\text{m}$ to a pickup hub

Circle of Trust

Ride with verified friends & trusted networks

Green League

Campus & city leaderboards for greenest commuters

Live Impact

Real-time CO₂ saved & mangrove trees preserved

Plan Trip

Step-by-step multimodal journey planner

Green Points

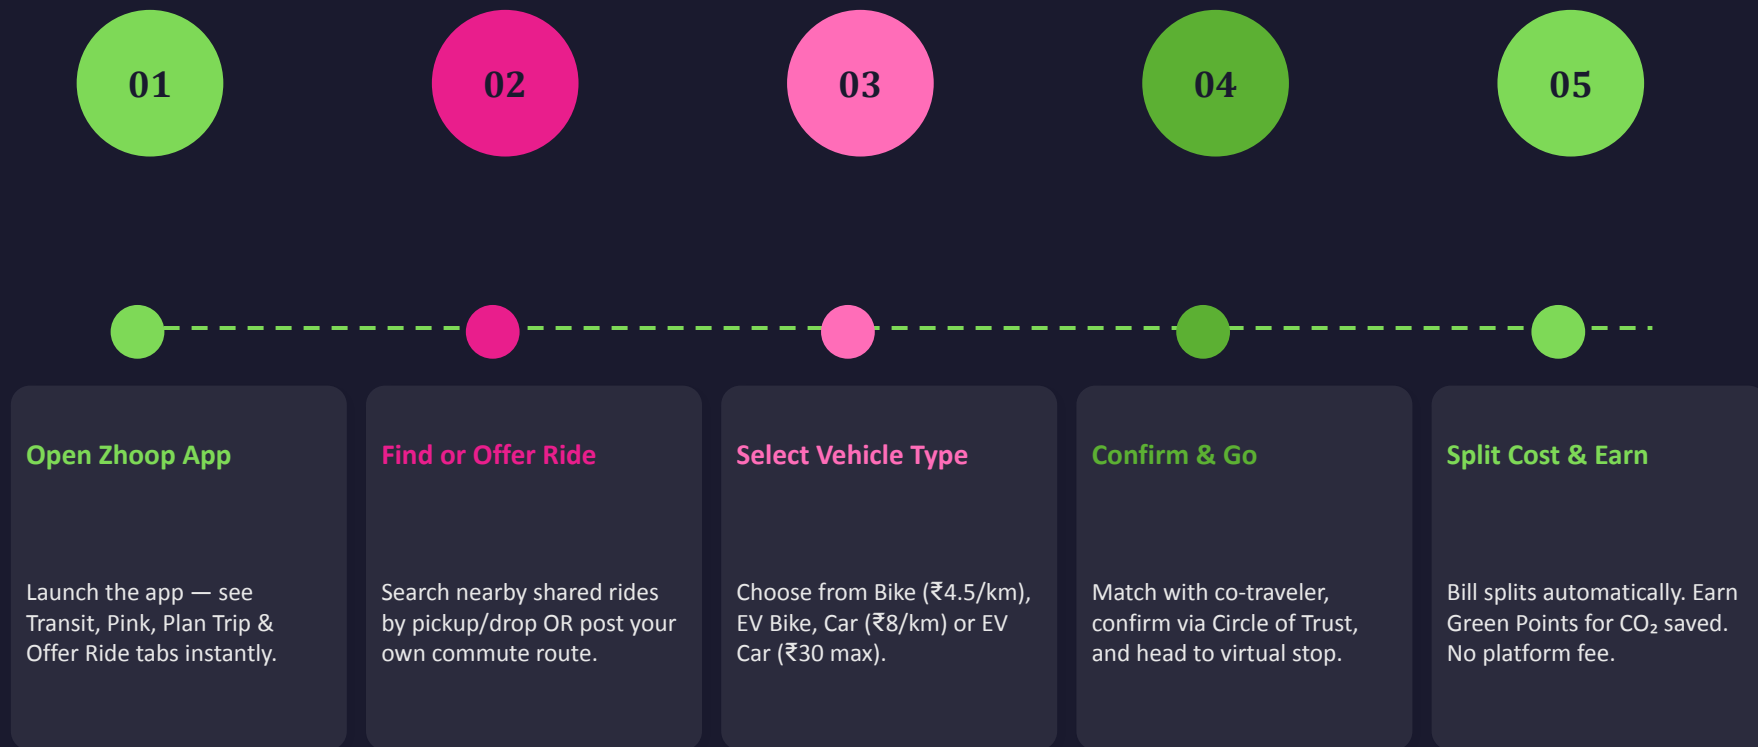

Earn & redeem rewards for every green ride

SOS / Emergency

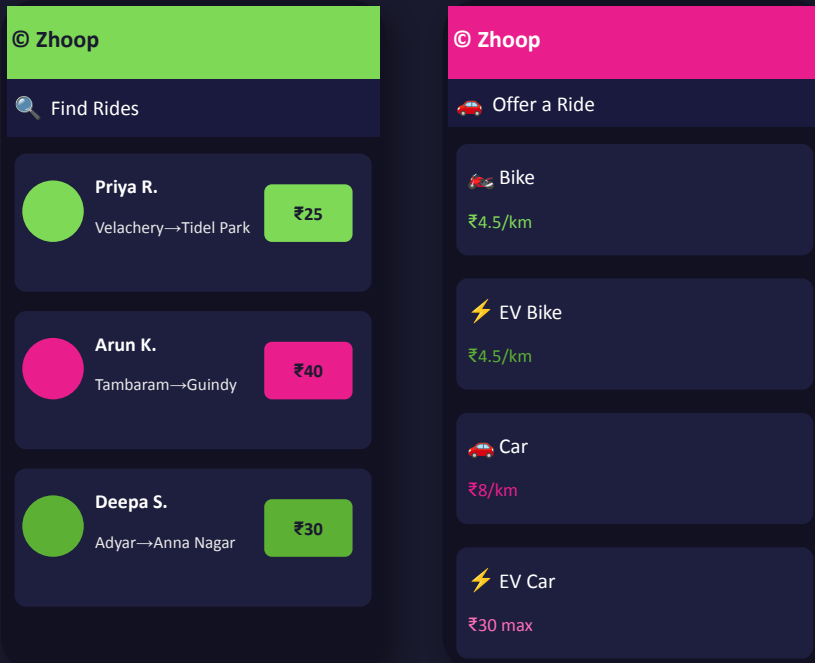

One-tap SOS with location sharing to trusted contacts

How a Rider Uses Zhoop

"One shared ride = one car off the road = one step toward cleaner air." — Zhoop

App Screens Walkthrough

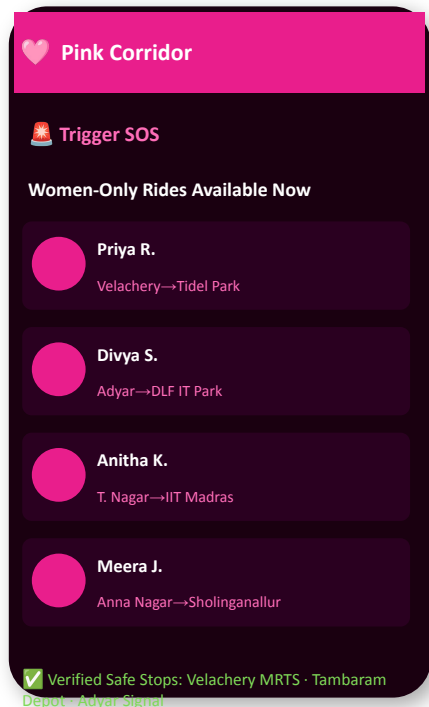

Find Rides

- Filter by Female Only Mode for safe women-only rides
- See driver's Circle of Trust verification badge
- View cost per seat upfront — no hidden charges
- Tap 'Book' to reserve your seat instantly

Offer a Ride

- Pick vehicle type — pricing auto-calculated at cost rate
- Set pickup, drop-off, departure time & available seats
- Add optional notes (AC, no smoking, music OK, etc.)
- All rides governed by Motor Vehicles Act 1988 — zero liability

Safety Built For Women

63% of women in India avoid late-night travel due to safety concerns.

Zhoop's Pink Corridor is the answer — a dedicated, verified, monitored safe ride network for women.

Safety Features

SOS Button

One-tap emergency trigger shares location with trusted contacts instantly.

Women-Only Verified Rides

Only Pink-verified female drivers show up in this corridor.

Safe Stop Network

CCTV-monitored, well-lit pickup/drop points across Chennai.

Circle of Trust

Ride only with people in your verified social network.

"Women must feel safe in every commute. Safe cities start with safe transit."
— UN Women, 2024

Ride Only with People You Trust

How It Works

How Zhoop Makes Money & Stays 100% Legal

✓ 100% Legal Framework

Bill Splitting Only | No Commercial Fares | Peer-to-Peer
Governed by Motor Vehicles Act, 1988 — Section 66(3)

Revenue Streams

Green Points Marketplace

Brands sponsor reward points — fuel cos, food apps pay for green ad placement.

Premium Campus Packs

Colleges pay subscription for campus commute module & impact reports.

Insurance Upsell

Ride insurance via fintech partners — optional, user-pays.

Fleet EV Partnerships

Revenue share with EV bike/car fleet operators for priority listing.
